WHY MANJUSHREE TOURS & TRAVELS

OUR CLIENTS

DRIVER DEFENSIVE TRAINING & HSE TRAINING.

To create Health & Safety environment at our operations

Each of our driver undergoes a regular training and orientation program covering behavioral skills, Dress code, Driving, road traffic rules and compliance, Safety measures and telephone etiquette, these programs ensures that our drivers are always at the best civil manners and make our client's employee feel safe and comfortable during their commute.

POINTS THAT WE EDUCATE DRIVERS

- **Drivers Jobs rolls and responsibility,**
- **Risk Management, Emergency Personal and public safety measures,**
- **Plan of action during Vehicle accidents, Breakdown, strikes and road rage by other fellow riders.**
- **Driving skills, traffic rules and regulations.**

- [illegible]

BUSINESS ETIQUETTES.

- **Having awareness of route list of login and logout.**
- **Reaching pickup location on time.**
- **Behave well with Employee.**
- **Defensive driving while employee onboard. (Making sure to follow all Traffic rules)**
- **Making Login on time.**
- **While dropping employee ensure to take escort if female employee onboard.**
- **Taking signatures from Employees. Submitting trip sheets on time for billing.(Or Close the trip in device after employees have been dropped)**

VEHICLE MAINTENANCE

- **General Maintenance-** Under this category we provide some simple guidelines to ensure that your vehicle doesn't have any problems on an everyday basis.
- **Engine Oil:** To prevent engine corrosion, it is very important that the engine maintains the amount of oil it is supposed to receive. Negligence in this aspect will lead to a deteriorating engine performance, resulting in less mileage.
- **Lights:** It is important for the lights to be properly focused, for your own and for the oncoming vehicle's safety. Travel on low beam so that it does not hinder your view.
- **Tyre Pressure:** The required amount of air pressure needs to be strictly maintained if your vehicle is to get the right mileage and pick-up.
- **Water:** If your engine uses water for cooling, take care to ensure that it is regularly changed. Water can also be used for cleaning the windshield.

GROOMING OF THE DRIVER:

- **Clean Shaven**
- **Pressed Uniform**
- **Daily Polished shoe's**
- **Pen & Paper Handy(Device In working condition)**
- **Neat hair Cut**
- **Manicure(nails)**
- **Body odor**

Always with the Highest level of service
